HorseWorld's Rescue and Rehoming

Year in Review 2022

We work alongside the police, fire and rescue services, local authorities, vets and other charities to rescue horses, ponies and donkeys in the South West of England.

Horses that come into HorseWorld's care often need emergency care and we have vets on call 24 hours a day to assist with rescues. Our dedicated team of grooms work around the clock to save the lives of horses.

Once we rescue a horse and it has been nursed back to health we can begin rehabilitation work. Our training team work patiently with horses from all backgrounds, in most cases we don't know their history, so training begins with the smallest steps to gain the horses trust. Some horses go on to have wonderful ridden careers whereas others have psychological and physical problems, so they live a quiet life as a companion pony.

All the horses here have a story to tell, some have happy endings and some do not but all horses that come to HorseWorld for how ever long, will know what it's like to feel real love and care.

Who and where do we receive our rescue calls from?

General public, other welfare charities, landowners and local police

2/5

of all our rescue calls from Somerset

1/5

of all our rescue calls from Gloucestershire

1/5

of all our rescue calls from Bristol

151

We identified 151 equines potentially at risk locally

The remaining calls are from the surrounding counties, with some callers coming all the way from Lancashire and Cumbria!

HorseWorld's Herd

295

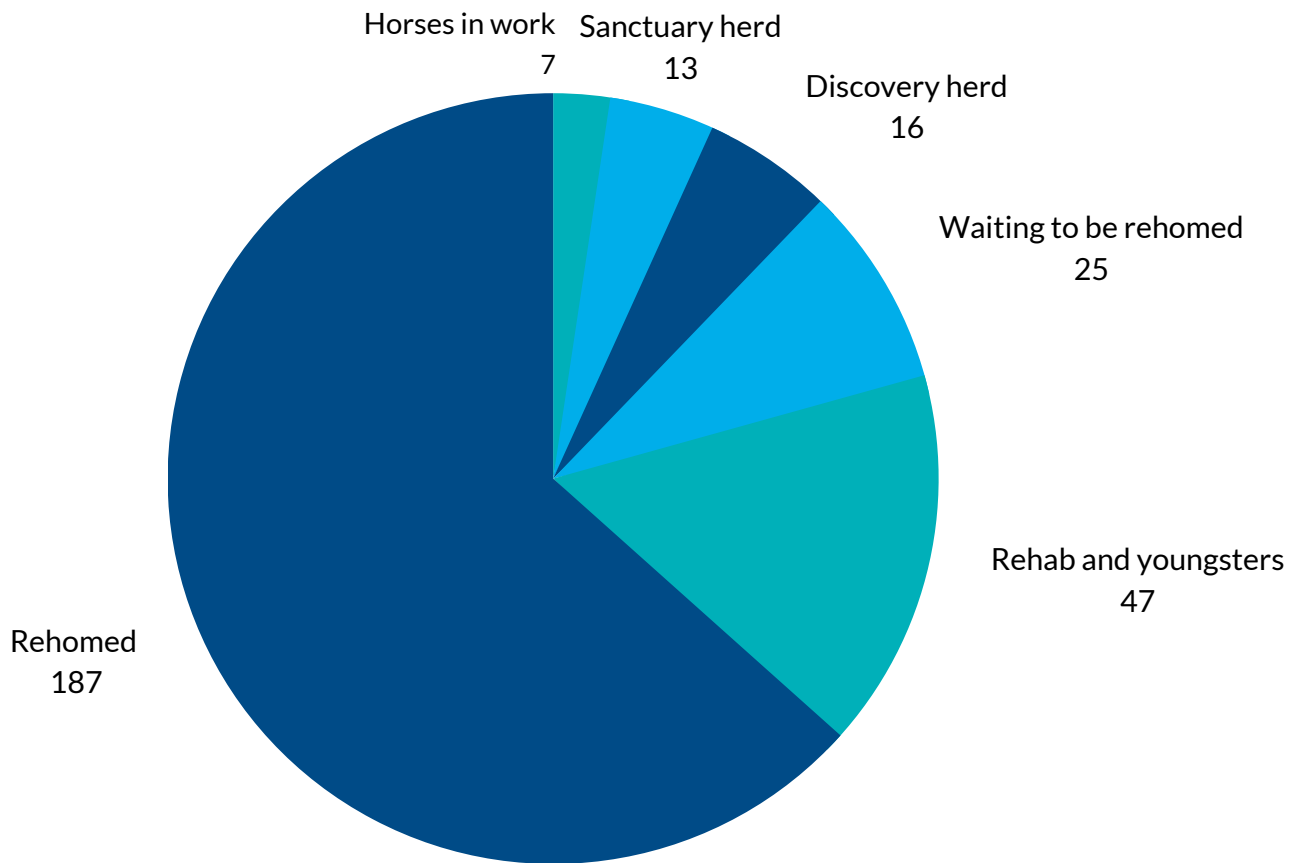

Total HorseWorld herd
by the end of 2022

24

We rescued 24 horses
in 2022

4

Foals were born on site
to rescued mares

14 equines passed away. All would have known what it was like to feel real love and care from our HorseWorld's grooms before they died.
